

Postgraduate Program in **Accounting, Finance and Business Administration**.

The purpose of the **Postgraduate Program** is the provision of specialized knowledge to graduates of higher education in the areas of **Accounting, Finance and Business Administration**. In particular, the program aims to meet the needs of the labor market with the promotion of knowledge and the development of appropriate qualifications and skills relating to the organization and functioning of accounting and financial services of enterprises and organizations of the private and public sector.

The Program awards postgraduate diploma specialization in the Accounting-Financial and Administrative sciences in the following directions:

(a) Accounting - Audit and Finance

(b) Business Administration

In the Postgraduate Program are admitted by priority graduates of accounting, financial, business administration and economic sciences, but also all graduates of any University, or Technological University sector are welcomed.

The Diploma of Postgraduate studies is awarded after the successful completion of the three (3) semesters study, which contains 12 courses and a Diploma Project that should be prepared by each student.
